

PROGRESSIVE METALS

WeatherXL™ Sell Sheet

WE FIT THE PROFILE

Progressive Metals maintains one of the largest inventories of coil in the industry. Our shipping capabilities enable us to provide quick and accurate order completion. With our strategically located facilities you can expect fast professional delivery service on-time, every-time.

COLORS THAT CREATE A LASTING IMPRESSION

A CHOICE OF DISTINCTIVE COLORS

Select from a wide palette of colors, from bright white to jet black. Many are available in Solar Reflective (SR) formulations to meet Energy Star® and LEED qualifications. These cool coating formulations help lower the overall temperature of the structures, enabling savings on energy costs, and while providing exceptional durability.

RESISTS THE TOUGHEST EXTERIOR AND INSTALLATION CONDITIONS

Created to withstand most anything that comes its way, our specially formulated WeatherXL silicone- modified polyester coating is designed to go where it will be abused—maintaining extreme resistance to abrasion, chipping and marring with tremendous color and gloss retention.
